Paper Money Falling in Price. recently called a meeting of the local money lenders and charged them with being responsible for the recent fall in the value of paper money. It is a pitiful sight to see the crowds, including many poor people, flocking to the Spanish bank. Intendante Fagoaga threatened the exchanges and announced that he would notify Captain General Weyler if within the next forty-eight hours paper money does not rise to about 1 per cent. discount. The money brokers announced that they would close their offices and withdraw from business if the order is carried into effect. The patriotic association met this morning and solved to offer explanations to Intendante Fagoaga why the paper money has so depreciated in value. The claim is made that the Spanish bank is responsible on account of the forms which have been adopted of changing government bills. It is an-

Test Case of Pauper Attorney Fees.

Special to the Indianapolis Journal. NOBLESVILLE, Ind., Feb. 3.-A case of general interest to the taxpayers of the State was filed in the Hamilton Circuit Court this morning. The case is Tipton county against Hamilton county and is the outcome of the refusal of the Board of Commissioners of Hamilton county to pay excessive attorney fees in a pauper criminal case venued from this county to Tipton county. The case was a prosecution of Charles Stephenson for murder and was tried over a year ago. Judge Kirkpatrick appointed Attorneys Fertig and Neal, of Noblesville, and Mount, of Tipton, to defend Stephenson. These attorneys filed claims for services amounting to \$666, which were allewed by Judge Kirkpatrick and banker of this city and an uncle of the paid by the commissioners of Tipton county. The commissioners of Hamilton county rejected this claim from Tipton county, but agred to pay \$375. The suit is somewhat of a test case to decide whether a judge in one county can allow attorney fees in such cases that will bind the commissioners of another county on account of appointments not of their choice and

Captain Poland's Account of the Loss of the Schooner Mary Sprague.

NEW YORK, Feb. 3.-The steamer Jason (British), Captain Frazer, which arrived to-day from Jamaica ports, picked Crooked Island passage, and brought them to this port. The schooner was bound from Demarara for Philadelphia, and left the former port on Jan. 5 with a crew of ten hands, all told, and a cargo of 900 tons of sugar. The story of her loss was graphically told by Captain Poland. He said: "Everything went well until the night of Jan. 20, about 8 o'clock, when, during a southeast gale our forerigging parted, letting the foremast go by the board. The mast, in falling, broke rails and stanchions, smashed the forward house and one boat all to pieces, the other boat being badly stove; the ship then fell off into the trough of the sea and lay there for twenty-four hours. While we were getting clear of the wreckage the seas made a clean breach over the vessel, and large quantities of water got into the hold. She lay in this position for nine days. On the 29th of January the steamer Jason hove in sight, and in answer to my distress signal The steamer sent a life boat manned by the chief officer and four seamen at considerable risk and took us all off. After we were all safely aboard the steamer Captain Frazer sent his first ofo'clock that morning, and they had no idea | ficer back on board the schooner to set fire to her, as she was likely to be a dangerous obstruction to navigation, night coming on and she being right in the track of vessels bound to and from the Crooked Island passage. The Famine in India.

LONDON, Feb. 4 .- A dispatch to the Daily Mail from Bombay says that the better classes among the people of India are beginning to feel the pinch of the famine. Many are selling furniture and ornaments at ruinous prices and the prevailing distress is terribly keen. In the Decan district even farmers are applying to the government for aid. People of the lower caste, it is asserted, are at the present time living on the "fat of the land." The explanation is made that they are gorging themselves on the carcasses of cattle, which are dying by the thousands.

Nebraska Corn Refused by Chicago. LINCOLN, Neb., Feb. 3.-The Senate today killed the Canady resolution, offered last week, and adopted one offering to send corn to Chicago free of any cost to the city if it would be accepted by the mayor. This afternoon a telegram was received from Mayor Swift, saying: "We sincerely thank the generous people of Nebraska for their proffered denation of corn, but respectfully decline, as the response of our own citizens has been so abundantly generous as to give all the aid that will be required to meet the wants of the suffering."

Newfoundlanders Starving. ST. JOHNS, N. F., Feb. 3.-Great distress continues in the Fortune bay district, owing to the failure of the herring fishery. The mail steamer reports hundreds as being absolutely destitute. A similar condition of things also exists here. A mob of unemployed to-day visited the government offices demanding work, and representing

#### themselves as starving. Soup kitchens are being started by charitable organizations. JURISTS EXONERATED.

By a unanimous vote it decided to exonerate Judge Reese, but the case against Judge Sweat was of a very different character. The opposition to exonerating him was not confined to the Populists alone, but was joined in by a great rumber of the most prominent Democrats. The first effort was to force the impeachment of Judge Sweat, notwithstanding the of the committee, but as report would involve an extension of the legislative term, meaning increased taxes, it fell through. When the vote was called on the question whether the report of the committee exonerating Sweat should be indorsed, it stood 93 yeas to 64 nays.

Test Satisfactory. The Indianapolis police department yesterday made a trial of bloodhounds to see if the animals would be of use to the force. Superintendent Colbert and Captain Dawson had the expedition in charge. The dogs taken were four of those now on exhibition at the bench show, Red and Black from

ning at the alley in Delaware street, between Ohio and New York, and after devous windings and turnings, ending in the saloon opposite the Empire Theater. Red was the first of the four dogs to catch the trail and was never at fault, Cuba Libre being a close second. The other two were a little behind at first, but towards the last they all worked well and tugged at the leashes, nearly jerking the arms off their attendants. Miller was found perched on some boxes in a corner of the saloon and the dogs had to be taken from the room before he could come down. Captain Dawson was pleased with the work of the hounds and said he would make a favorable report to the board. The trial attracted much attention, fully 200 people falling in line behind the dogs, many of them expecting to find a desperate criminal at the end of the trail.

The Western Union Robbed. Will Moore, aged fourteen, who lives in the rear of 262 South Missouri street, and Richard Brogan, aged sixteen, of 28 Abbott street, were arrested yesterday and charged with burglary and grand larceny. #### READ WHAT THEY SAY:

A Wonderful Case.

Says Mrs. Capenhaber, who lives at 79 Tacoma avenue: I have had more or less catarrh since childhood, and of late years it has been growing worse, until I was in a terrible condition from the effects of the disease. It had affected my stomach and my lungs, also my hearing was affected, and my eyes could not bear the light. I could eat scarcely anything, neither could sleep. My throat was so sore that I could not breathe through my nose, and was a constant sufferer from headaches, I had been attended by several different physicians, and had used a number of advertised remedies, but nothing ever did me any good until I used Munyon's Remedy. I consulted the Munyon doctors about two weeks ago, and I never had anything to do me as much good in my life. The first night after I took the treatment I slept as good as I ever did in my life, and there has been a constant improvement in my condition since that time. I now sleep well, have a good appetite and can eat anything; the soreness has left my throat and I no longer suffer from headache. My improvement has been simply wonderful.

#### Great Relief.

Mrs. Pence, 41 Keystone avenue, says: For the past twenty years I have suffered from rheumatism in my arms and bands. I had tried all kinds of remedies, but they gave me little if any relief. About two neay and it arew out all the it did not return again for several months, I now always keep it in the bouse, and whenever I feel a rheumatic pain I take a few doses, which always drives it away. I believe that if I would continue to take the medicine for any length of time it would effect a permanent cure, but as soon as the pain leaves me I quit taking the

"Will Never Be Without It." Says Mrs. Harris, 76 Church street: "I suffered greatly from dyspepsia for some years. Tried a number of good physicians and used all kinds of advertised remedies, which did me no good. I finally tried Munyon's Remedy and was entirely cured. I consider it a great remedy, and will never be without it in my house.

Can Hear Watch Tick.

Mrs. G. W. Young, 240 Keystone avenue, says: For years my husband has suffered from catarrh. He has been treated by a number of different physicians and has used all kinds of remedies, all of which has cost him quite a good deal of money. But nothing ever did him half the good that he has derived from Munyon's treatment. His hearing had become affected, but he can now hear the ticking of a watch, a thing he has not been able to do for ten years.

Rheumatism Cured.

Albert Ott, 330 East Louisiana street,

says: For the past year I have been bothered with rheumatism in my leg, and

for five months I had to lay off from my work. I tried several doctors and used a number of different remedies, but nothing seemed to do me any good. I was begin-ning to fear that I would be disabled for life, but, thanks to Munyon's Remedies, 1 am now able to be at work again. I consulted the Munyon doctors about two months ago, and have steadily improved under their treatment. I have been at work for the past two weeks, and feel like another person. A Case of Dropsy.

Mrs. Mollie Stevens, 21. West Pearl street, says: I have suffered from dropsy for a number of years, and doctors and advertised remedies did not seem to do me any good.
